

# CROWD COUNTING STATISTIQUES REPORT

## JUNE 13-14-15 2025

# CAMERA LOCATION

# METHODOLOGY

## CLASS DÉTECTIONS :

- PEOPLE
- CARS
- BICYCLES
- TRUCKS
- BOATS
- MOTOS

# METHODOLOGY

For cameras that only detect people, they are assigned a column chart, with each column representing the number of people detected during that hour.

For cameras that detect vehicles, they are assigned a series of three column charts, each with 24 sections for one day.

# METHODOLOGY

These hourly detection charts track **how many people and vehicles are detected in each monitored area** . This provides real-time insights into:

**Activity Patterns** - Peak hours and quiet periods

**Event Flow** - How crowds move during race weekend

**Capacity Management** - Monitoring area occupancy levels

**Operational Timing** - When to deploy resources and staff

# METHODOLOGY

## What Each Graph Shows :

### Y-Axis: Number of Detections

**Height of bars** = How many people/vehicles detected in that hour

**Higher bars** = Busier periods requiring more attention

**Lower bars** = Quieter times, potential for maintenance/restocking

### X-Axis: Time Progression

Date-Hour format (MM-DD HH:00)

6-hour intervals for clear readability

Covers entire event period (typically 72+ hours for F1 weekend)

# DURATIONS CHARTS

These duration histograms analyze **how long people and vehicles stay in each monitored area** during the F1 Grand Prix event. This is can be used for:

- **Understanding visitor behavior patterns**
- **Identifying areas with unusual dwell times**
- **Optimizing venue layout and services**
- **Ensuring smooth traffic flow in different zones**

# DURATIONS CHARTS

**What Each Graph Shows :**

**Y-Axis: Number of Detections**

- **Height of bars** = How many people/vehicles stayed for that duration
- **Higher bars** = More common behavior patterns

**X-Axis: Duration Categories**

We track 10 specific time ranges to capture different behavior types:

- **0-5 sec**
- **5-10 sec**
- **10-30 sec**
- **30-60 sec**
- **1-2 min**
- **2-3 min**
- **3-4 min**
